

Artists At Heart

Helping you build strong and resilient teams to ensure the success of your organization.

Team Building

The performance of your team can be the difference between the failure and success of your business. Whether you have a new team or a well-established team, there is always room for improvement in communication, collaboration and cooperation. Give your team the opportunity to function more effectively, work together, communicate clearly, and use their talents to the fullest.

Half-day and full-day options:

- Half-day training focuses on communication, decision making and managing conflict.
 - Your team engages in a Collaborative activity creating a project with clay, facing many of the challenges that teams face every day, including ambiguous goals and limited resources
 - For up to 12 participants
 - All materials and supplies included
- Full-day training includes the Half-day exercise and adds a project which enables your team to explore factors that impact how well teams work together on complex or long-term projects.
 - Second activity uses an asynchronous project approach to simulate some of the real life challenges of working as a team when team members are not always in the same room at the same time
 - For up to 12 participants
 - All materials and supplies included

Each activity is followed by a debriefing session where participants explore what they have learned and how they can apply these lessons to their work. Participants explore opportunities for practical application of the lessons learned in the activities.

Make long lasting and positive impacts on your team's performance with fun and engaging, team building activities that also provide challenges relevant to the day to day functioning of the team. Schedule your team building today.
